Seasons Greetings From All of Us at the OPA
and HRAI

Processing Delays

Due to reasons beyond our control, processing of the 2011 **HEATING & COOLING INCENTIVE** submissions has been delayed by up to four weeks. The delay in no way threatens the payment of submissions. All valid and compliant submissions will be paid as soon as possible. Please do not re-submit documentation as this will just increase the backlog. We will inform all contractors when the backlog has been cleared.

2011 HEATING & COOLING INCENTIVE Results

If all the pending and submitted submissions (those completed by the contractor but not yet submitted by the consumer) are counted, the targets set by the OPA have been surpassed.

The number of actual approved submissions is lagging behind, largely due to the delay in processing.

Rebate	Target	Actual	% to Target	Pending	Total	% to Target
ECM	53,000	33,625	63%	21,831	55,456	105%
CAC	28,500	21,648	76%	9,485	31,133	109%
Total	81,500	55,273	68%	31,316	86,589	106%
